As a recent graduate in Computer Science, I am eager to apply my technical knowledge and problem-solving skills to contribute to innovative software development projects. My goal is to work in a dynamic and collaborative environment where I can learn from experienced professionals, continuously grow my coding and software design skills, and help create impactful and user-friendly software solutions.

Education:

2021-2024: **B.Sc. in Computer Science**, Hadassah Academic College, Jerusalem.
GPA:92

2013-2016: **Full Matriculation certificate (Computer Science)**, Ort Givat Ram High School.

Projects:

Scam Reporting Application

- **Frontend:** HTML, CSS, JavaScript, Thymeleaf, Bootstrap
- **Backend:** Java, Spring Boot, MySQL
- Web app for reporting scams with user authentication, report management, and admin controls.

Skills & Languages:

- **Languages:** C++, C, C#, Python, Java, R, SQL, JavaScript, Assembly x86, HTML, CSS
- **Databases:** SQLite, MySQL, PostgreSQL
- **Frameworks and Libraries:** Node.js, Express.js, React.js, React Native, Bootstrap, PyTorch, Scikit Learn, Spring Boot, Thymeleaf, .NET
- **Skills:** Git/ GitHub, WebDriver/Selenium, Jenkins, Docker
- **Concepts:** Object-Oriented Programming (OOP), Algorithms, Data Visualization, Machine Learning

Languages: Hebrew, English

Military Service:

2018-2020: **Camp Sirkin Operations Room,**

- Managed a team of soldiers

Additional Information:

Quick self-education, Highly committed, Strong in Object-Oriented Programming (OOP) and design. Excellent team worker as well as independent performer.
